Hints and Tips

✓ Refer to the PRO-2g View Product Details and History (Mobile) Fact Sheet for more information about this screen.

✓ If the products normal price is **HOS driven,** it may revert back to the original price the next time a HOST change is imported for that product. Check with your Head Office.

✓ If you enter a **stock code** or a **manufacturer's code** that has multiple UPP EANS linked to it, the system prompts you to enter the specific EAN required.

> Multiple Stock Code for 100062, please enter an EAN.

✓ Always request a **new ticket**, unless you're changing the price to match an existing ticket.

✓ **Field definitions**:

EAN	barcode on product
S/Code	ordering code for the default Supplier
UPP	Units per selling pack
SOH	Stock on Hand (units)
Supp	default supplier's code
C.Qty	units per order case
N.Ret	normal selling price, including GST
C.Ret	active promotional selling price including GST
N.Cost (C)	normal cost per ordering case, including GST
N.Cost (U)	normal cost per selling unit, including GST
N. Margin	normal gross profit percentage per pack $$\frac{normal\ retail - normal\ cost}{normal\ retail}$$

Change Retail Price on a Mobile Device

Your business decides if the mobile scanning device is configured to allow price changes.

If you have access to perform this task, it's an alternative to changing retail price on the BOS computer; The new price updates in the system immediately.

Procedure to Change Retail Price

1.	From the main screen on the device, double-tap the **SUREfire Internet** program.	
2.	Enter your **Operator ID** & **PIN**, & press Login.	Operator ID / Operator PIN / Login
3.	Press Stock.	Stock Stock Levels Order
4.	Scan the EAN barcode or stock code on the product or ticket. *Alternatively, key the code (or the TUN or the Manufacturer Code) and press [>>] or Ent.* *The product's sourcing, pricing, and stock information is displayed.*	[>>]
5.	In the **N.Ret** field, enter the new normal price. *Use a decimal place.* *To cancel the price change, return the cursor focus to the EAN field and scan another product.*	ALLENS ANTICOL 40G / EAN 0000000087461 S/Code 874610 / UPP 1 SOH 8 / Supp. RIT C.Qty 36 / N.Ret. 1.10 Gen.Label / C.Ret. 1.10 N.Cost (U) 0.74 / N.Cost (C) 26.52 N.Margin 33.03 / Save History
